GILOK CHOI

Senior Front-End Developer | UX Engineer

Syosset, Long Island, New York | 516-462-3704 | choigilok@gmail.com

Portfolio: choigilok-dotcom.github.io | LinkedIn: linkedin.com/in/gilok-choi-13b859235

PROFESSIONAL SUMMARY

Front-end developer and UX engineer with 15 years of experience building enterprise web applications and customer-facing websites. At OMSC for over 12 years, I have owned the front end for 50+ internal applications, built a company-wide design system, and delivered two bilingual public websites — combining Angular and TypeScript development with UX design, usability research, and accessibility.

CORE SKILLS

- **Front-End:** Angular, AngularJS, TypeScript, JavaScript, HTML5, CSS3, SCSS, jQuery, Bootstrap, Dojo
- **UX / UI & Research:** UX/UI Design, Human-Computer Interaction, Information Architecture, Wireframing, Prototyping, User Personas, Card Sorting, Usability Testing, WCAG Accessibility
- **AI-Assisted Development:** Claude AI, AI-assisted prototyping and development workflows
- **CMS & Platforms:** Contentful, WordPress, Drupal, SharePoint, Magento, Liferay, IBM WebSphere
- **Tools & Other:** PHP, Java, XML, MySQL, REST APIs, Git, GA4, Microsoft Clarity, Lighthouse, Chrome DevTools, Photoshop, Illustrator

PROFESSIONAL EXPERIENCE

Front-End Developer / UX Designer | OMSC, Long Island, NY — April 2014 – Present

- Develop and maintain 50+ internal business applications for enterprise operations, including seven built end to end: Task List, Operations Dashboard, Custom Email System, Vendor Disbursement, Customer Order Inquiry, Vehicle Management, and Document Management System.
- Built the company-wide design system with reusable Angular components and a starter kit for new applications; seven applications now run on it.
- Develop and modernize the IAS and MAS public websites: launched the Spanish version of IAS, replaced legacy Bootstrap components with native HTML, and resolved JavaScript errors; monitor performance and user behavior with GA4, Microsoft Clarity, and Lighthouse.
- Manage Contentful content models and publishing workflows, and maintain templates, themes, and plug-ins across the IAS, MAS, and Relocated USA blogs.
- Built and enhanced three corporate intranets (IBM WebSphere, SharePoint, and Liferay).
- Apply AI-assisted design, prototyping, and development workflows (Claude AI) to accelerate interface exploration and component development; previously developed the HDMilitary.com e-commerce site on Magento.

UX Designer / Front-End Developer | Instigator, New York, NY — January 2012 – December 2013

- Designed and developed a responsive website with HTML, CSS, JavaScript, jQuery, and Bootstrap.
- Ran design reviews, surveys, and user studies; used card sorting to build user personas, information architecture, and workflows, and presented concepts as prototypes and wireframes.

Assistant Professor | Pratt Institute, New York, NY — August 2008 – May 2014

- Introduced and taught a course in Information Architecture and UX Design — design briefs, user personas, card sorting, rapid prototyping, and wireframes.
- Developed web development courses covering HTML, CSS, XML, databases, CMS platforms (WordPress, Drupal), PHP, MySQL, and Photoshop.

Usability Specialist Intern | ITAL, University of Texas at Austin — Jan – Jun 2003

- Evaluated the usability of the University of Texas website — test plans, evaluations, and documented findings — and created captioned videos with QuickTime Pro and SMIL.

EDUCATION

- **Ph.D., School of Information —** University of Texas at Austin | 2008.
  Specialized in Human-Computer Interaction, Information Architecture, UX Design, Usability, and Evaluation Methodology.
- **M.A. in Communication —** Ewha Womans University, Seoul, Korea | 1998
- **B.A. in Communication —** Ewha Womans University, Seoul, Korea | 1994

HONORS & SCHOLARSHIPS

Scholarships at the UT Austin School of Information, 2002–2008, including the Catheryne S. Franklin Centennial Endowed Scholarship and the Temple Foundation Centennial Scholarship; Dell Research Scholarship for ClearType Studies, 2002–2004.
